

THE SECOND ANNUAL CLUB WORLD AWARDS

In its second year, the Club World Awards are recognizing this year's boldest artists, savviest businesspeople, grandest venues, and most advanced technologies in the nightclub industry. The nominees listed here and detailed in the following pages not only recognize the worthy, but also give an indication of what direction the club industry is going as it heads into the coming year. An independent panel of expert judges will determine the winners.

Compiled by James Brundage, Daphne Carr, Lizz Gibbons, John Landers and Kerri Mason.
